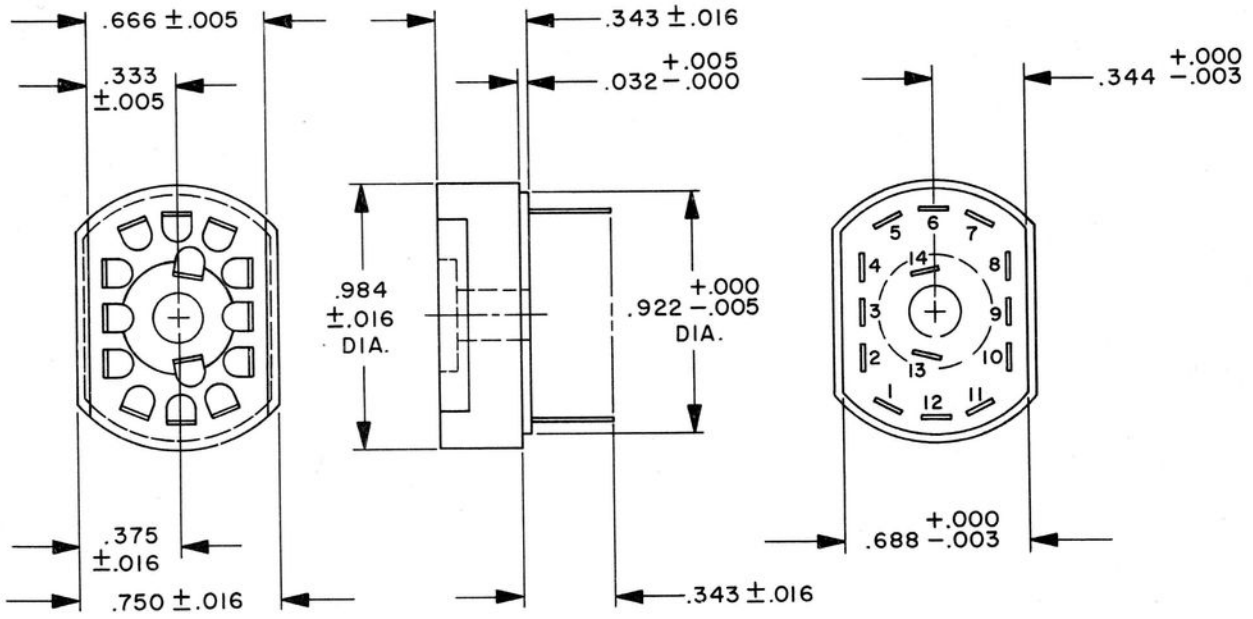
ADDENDUM TO ALL SOCKET PACK DATA SHEETS

The SK-186 socket, illustrated below, is available for use with the BIP-8200P series, BIP-8501P and BIP-8507P modules. This socket will conserve space behind a panel (vertical dimension) in cases when the socket is to be used as a harness termination only and not as a mount for either a tube or driver module.

The SK-186 socket is priced as follows:


1-99	100-499	500-999	1000+
$.90	.65	.55	.45
